

HOT AIR!

is a well-appreciated factor these days, by those who are seeking comfort. Perhaps you can't find the required amount of it, and are suffering because of cold and aching limbs. There is no reason why this state of affairs should continue to exist.

If your heating apparatus is inadequate, tear it out and install a system that will give you the desired results. We have installed heating systems for many satisfied users—and can satisfy you if given a chance. All we request is that you ask us for information, and we'll specify your needs without charge.

As prices are continually advancing, it will pay you to act promptly.

Stephenson & Illsey
THE HARDWARE MEN

Buying a Diamond

is a matter that requires experience and judgment. The slightest variation in color, the smallest defect in cutting, or the least flaw in the stone, will make a marked difference in the value.

WE ARE EXPERTS, made so by years of training and experience. You can rely on our judgment and our reputation when purchasing from us, and our fee for serving you is so small that you can always re-sell your purchase for nearly as much as you paid us for it. We also reset and clean old diamonds or other jewelry.

H. H. HUMBER,

C.P.R. Watch Inspector,
Red Deer.

W. R. JOHNSTON'S CLOTHING

Stock-Taking Time

always brings to the front a number of lines of Goods that it is desirable to clear before the Spring Goods arrive.

Among the goods we have in this category are:

3 Ladies' Astrachan Coats, just as good as the best; these we are offering at attractive prices, viz.:

\$45.00 Coat (a beautiful curl) for \$38.00.
Two \$30.00 Coats (one of them easily worth 35.00) for \$25.00 each.
(Sizes, 36, 38 & 40.)

THESE ARE EXCEPTIONAL BARGAINS

We are also supplying the Remnant table with artistic lines in Table Linen, (both white and colored), Remnants in Prints, Towelling, Dress Goods, Eider-down Cloth, Stockings, Stockingettes, &c.

Many have availed themselves of these bargains. **WHY NOT YOU?** All we ask is to show them—the goods will do the rest.

Besides these lines, our General stock of Clothing, Cents, Furnishings, Boots & Shoes, and Groceries are second to none.

Yours for good value,

Brumpton & Gaetz.

FRESH GROCERIES ALWAYS IN STOCK

Western General Electric Co., Ltd. 'PHONE SERVICE.

Those desiring 'Phone Service will please call at the Company's office and make written application, at once, if they have not done so already.

The new equipment has arrived, and connections are now being made as rapidly as the staff can undertake the work.

A new Telephone List is in preparation. A great many new names will appear. If you wish to be in it, you should act promptly.

W. A. MOORE, Manager.

Banquet at Penhold.

The Penhold Rifle club held their annual banquet on Friday evening last at the Imperial Hotel, Penhold.

The day had been cold and stormy, the roads were drifted full and it was thought there would be a slim turn out, but the accommodation of the hotel was taxed to its utmost capacity and a more enthusiastic gathering it would be hard to find anywhere in Alberta.

The following were noticed among those present: Charles Wilson, Arthur Hives and Miss Hives, Mr. and Mrs. W. Kennings, Mr. and Mrs. J. Johnston, Mr. and Mrs. W. Whiteside, N. Stewart and the Misses Stewart, Mrs. Stewart, Mr. and Mrs. L. Carswell, Miss Carswell and Mrs. R. Dixon, Mr. and Mrs. George Domoney, Mr. and Mrs. C. Fairbrother, Mr. and Mrs. O. D. Fleming, J. Reeves and Miss Reeves, Mr. and Mrs. H. J. Robinson, Mr. and Mrs. Seaman, and Messrs. Geo. Green, C. Hives, T. Hornsby, J. E. Cartmell, P. Snell, T. Hives, J. Hives, F. Domoney, J. A. Carswell, J. Farrar, F. Speakman, A. Speakman, F. Speakman, L. J. Carswell, Bert Carswell, H. Jackson, T. Stewart, H. Hives, A. Reeves and others.

The tables were tastefully laid out with an abundance of good things surpassing anything of the kind ever held in Penhold and mine host W. Spruhan and his wife are to be congratulated on the excellence of everything provided for the occasion.

After all had done ample justice to the good things provided for the occasion, Charles Wilson president of the club, called the meeting to order and in a short but pointed address dwelt on the good work done by the Penhold Rifle Club and congratulated the members on the success of the banquet, after which he asked all to respond to the toast "The King" by standing and singing the National anthem. The toast "The Penhold Rifle Club" came next, coupled with the name of captain J. A. Carswell. He reviewed the history of the club and dwelt at some length on the usefulness of rifle clubs as auxiliaries to the regular forces in national defence. He doubted if there was a more large or up to date association in the Dominion for the opportunities they have had, than that of Penhold, and he felt proud to have had the honor of being captain of such an association. In withdrawing from the club he wished them every success and hoped they would maintain their present excellent standing.

After a song by Mr. Cartmell the prizes were distributed to the winners in the annual competition. Songs were given by Messrs. Hornsby, A. Hives, Geo. Green, T. Hives and a stump speech by C. Hives. O. D. Fleming responded to the toast "Prize Givers" and E. Carswell "Officers of the Club". J. Farrar, J. Hives and A. Speakman joyfully responded to "The Ladies" and the first annual banquet of the Penhold rifle association closed with the National anthem.

The Seed Fair

The Seed fair under the auspices of the Dominion Department of Agriculture and Red Deer Exhibition association on Thursday last in Alexandria hall was a success.

Mr. McKillop of the Dominion branch, department of agriculture, expresses himself as highly pleased with Red Deer's turnout, and the Exhibition association are to be congratulated on the result of their first effort. The exhibits were not so numerous as expected, but what were shown especially in wheat were very good and remarkably free from weed seed and smut. The prizes awarded were won by the following gentlemen:

Hard spring wheat: G. T. White first, 93 out of 100 possible 100 points; J. Greening, second, 89 points; G. Domoney of Penhold, third 88 1-2 points.

Other exhibitors were G. D. Bryan 87 points; J. Greening, 80 1-2 points; R. O. Pich 85 points and A. P. Olsen, 84 1-2 points. Hard fall wheat: J. J. Richards, first, 93 1-2 points; G. F. White, second, 93 points; C. W. Leach, third, 83 1-2 points.

Soft fall wheat: A. Pointer, Berkmampstead Farm, first, 83 1-2 points; C. A. Julian Sherman, second, 83 1-2 points.

Oats: A. P. Olson, first, 93 1-2 points; J. Lamont, second, 93 points; A. Pointer, third, 85 1-2 points.

Barley: A. P. Olsen, first, 6 rows; A. Pointer, first, 2 rows; C. W. Leach, second, 2 rows.

It may be said here that many of the wheat exhibitors thought there would be such a large class in oats and barley, that they omitted to bring theirs in, with the result that these classes were very poor indeed. Mr. Bower got first for timothy seed.

TUESDAY, JANUARY 29th, 1907.
THE TARIFF AND THE FARMER

A lively discussion took place in the House of Commons on the 10th inst. relative to the items in the amended tariff introduced by the government.

In the sections referring to the questions of duty on farm products and agricultural implements, some interesting statements and figures were brought out.

D. Henderson, M.P., speaking of the duty on farm products said: "Of pork barreled and in brine, last year we imported 11,215,320 lbs. Why should that amount of pork be brought into this country from the United States and placed on the market of Canada, when the farmers of Canada can produce all the pork that is required for consumption here?"

"I think it is a very great mistake indeed. I think that the market of this country should be held for the farmers of this country, and that we should not allow such an invasion of hog products as that to which I have referred.

I am sure that Americans would not submit to that sort of thing. Their policy is for themselves, to defend their own market, but here we have over 11,000,000 lbs of barrel pork imported into this country last year. I think the government are not careful enough of the interests of the farmers when they permit such a thing to take place. Then we have beef, salted in barrels, 478,860 lbs. Surely the farmers in this country can produce all the beef required for the consumption of this country? They are able to export a very large quantity and why allow inferior meats to come in from the States, and monopolize the market of Canada, more especially that portion of the market which consumes the unexportable part of our meat products. I am certain the government would meet with the approval of the farmers of this country if they would increase the duty on pork and on beef, just as they have increased the duty on mutton.

"I am prepared to stand by agricultural protection; I think it is the proper thing. I think we have a market in this country which will consume about 80 per cent of the products of this country; we only require to export about 20 per cent, and no man ever thinks of sending a barrel of flour or a pound of beef or cheese across the ocean except when he cannot sell it in Canada, he sends the surplus. Of course we have to send a market in the old country for the poorer class of products. Let us take care of the home market and give the farmers the very best market we can give for their products, and I am sure we will receive the thanks of the farmers. I care not what political party is in power.

THE GROWTH OF CANADA.
(From the Toronto Star).
Saskatchewan is to have ten members of the Federal Parliament, based upon a population of 267,763 and Alberta seven, based on a population of 184,849. Manitoba now has ten, and British Columbia seven, so that the total western representation will be 34 in a house of 220 members this is one less than the representation of the Maritime Provinces, and more than half the representation of Quebec. The west is still under represented, because Manitoba has outgrown the population which gave her ten members. That the next census will give the west between sixty and seventy members, or one fourth that of the entire house of Commons, is a moderate estimate.

Small Pox Becoming Serious.

Toronto, Jan. 18.—A despatch from Guelph says:—"It has been reported here this afternoon that small pox is prevalent in the township of Maryboro and Peel in Wellington county. It is estimated that in one section between Alma and Drayton, an area of ten miles, there are at least fifty cases of a more or less serious nature. The disease has spread rapidly, and many thought and still think that it is chickenpox. The outbreak was only reported yesterday to the medical health officer, Dr. Robinson, who at once made investigation and communicated with the provincial authority. This morning Dr. Bell, inspector of the provincial board of health, went north to see what steps could be taken to prevent the spread of the disease and have it exterminated."

High River, Alta., Jan. 18.—Smallpox has broken out here. There are six cases, and most of them are under quarantine, including the hotel. The High River Drug Co. wired to Lethbridge for one hundred pint of vaccine, which are now on the way.

Let us take care of the home market and give the farmers the very best market we can give for their products, and I am sure we will receive the thanks of the farmers, I care not what political party is in power."

THE GROWTH OF CANADA.

(From the Toronto Star).
Saskatchewan is to have ten members of the Federal Parliament, based upon a population of 257,763 and Alberta seven, based on a population of 184,849. Manitoba now has ten, and British Columbia seven, so that the total western representation will be 34 in a house of 220 members this is one less than the representation of the Maritime Provinces, and more than half the representation of Quebec. The west is still under represented, because Manitoba has outgrown the population which gave her ten members. That the next census will give the west between sixty and seventy members, or one fourth that of the entire house of Commons, is a moderate estimate.

With one boundary resting on Quebec, and the other on Manitoba, Ontario may fairly be described as the middle province of Canada. Though it may not grow as rapidly as some of the western Provinces, it is by no means standing still. Immigrants are arriving at the rate of 50,000 per year. The discoveries in Cobalt are creating centres of population in the north, not only of miners but, of those who deal in miners' supplies of various kinds. The Ontario and Temiskaming Railway is being pushed northward to meet the Grand Trunk Pacific, and the building of the two railways will promote the settlement of the fertile lands of the clay belt. The next census is likely to give Ontario a hundred members of the house of Commons. The transmission of power from Niagara Falls and other sources will stimulate manufacturing industry and increase population in the older portion of the Province.

Small Pox Becoming Serious.

Toronto, Jan. 19.—A despatch from Guelph says:—"It has been reported here this afternoon that small pox is prevalent in the townships of Maryboro and Peel in Wellington county. It is estimated that in one section between Alma and Drayton, an area of ten miles, there are at least fifty cases of a more or less serious nature. The disease has spread rapidly, and many thought and still think that it is chickenpox. The outbreak was only reported yesterday to the medical health officer, Dr. Robinson, who at once made investigation and communicated with the provincial authority. This morning Dr. Bell, inspector of the provincial board of health, went north to see what steps could be taken to prevent the spread of the disease and have it exterminated."

OUTBREAK AT HIGH RIVER.
High River, Alta., Jan. 18.—Smallpox has broken out here. There are six cases, and most of them are under quarantine, including the hotel. The High River Drug Co. wired to Lethbridge for one hundred pints of vaccine, which are now on the way.

Penhold.

We understand that Messrs. Wilson Bros. have bought the store occupied by them, and lately owned by Harrison Bros., and may, in the future build on to it.

The Annual meeting of the Essexville School district was held on Monday the 14th inst., G. Martin in the chair. In spite of the cold weather there was a record attendance of ratepayers. It was thought as feeling seemed to run pretty high, that there would be a contest for the seat on the board, but the retiring trustee, Andrew Shields, was elected by acclamation.

The Penhold School District annual meeting was held on Tuesday the 15th. There was a very poor attendance of ratepayers. The various reports and statements were presented by the Sec. N. Stewart, and adopted. One very noticeable item in the auditors report was the amount of arrears, which if paid in would give the district a balance in hand of nearly \$200.00. There were two vacancies for trustees. Jas. Reeves the retiring trustee was re-elected, and J. S. Bruhlman was elected to fill the vacancy caused by the death of H. Evans.

On Saturday 19th a meeting was held in the school house to consider the advisability of forming a branch of the Alberta Farmers' Association. There was a great turnout of farmers. Chas. Wilson was voted to the chair. W. F. Stevens the organising secretary was present, and explained the object of the Association, he gave a very instructive address, after which it was decided to form a branch, which would be known as, the Penhold Branch of the Alberta Farmers' Association. The election of officers then took place and resulted as follows: President, Arthur Hives; Vice President, A. D. McKenzie; Sec. Treas., E. Carwell; Directors J. Richards, G. Donnelly, W. McDonald, W. Whiteside, W. Kennings and J. Reeves. After a vote of thanks to Mr. Stevens and the chairman the meeting adjourned until the following Saturday, but owing to other events which would conflict, if held on that date, it has been decided by the president and Sec. to postpone until Saturday Feb. 2nd when it is hoped that there will be as good an attendance as at the inaugural meeting.

Creamery Convention

The Creamery Convention held at Lacombe recently was a pronounced success.

The Wednesday afternoon session of the Convention was not held owing to the north bound train being late and preventing the delegates from the south from arriving in time. At the evening session Mr. Foley gave an interesting address on poultry. C. Marker took the chair and the Hon. Minister of Agriculture, the Deputy Minister, the Mayor of Lacombe and nearly all the Creamery Delegates were present. On the invitation of the Mayor, this was followed by a supper at the Alexandria Hotel presided over by Col. Gregory and a pleasant evening was spent. On Thursday morning the Convention got to work, the Deputy Minister of Agriculture in the chair. After a short review of the season's work at the Alberta Creameries by Mr. C. Marker the various clauses of the proposed new agreement between the different creamery associations and the Department of Agriculture, was discussed in all its bearing the clause providing for the cream being collected 3 times per week in summer, instead of twice, produced much discussion the Dairy Commissioner insisting that it was necessary to get a fresher and better quality of cream to maintain our position on the market; the delegates generally contending that it was impossible to collect so frequently without greatly increasing the cost of collecting and curtailing the quantity brought in by shortening the cream routes. To obtain the much desired object of better cream, (which the Dairy Commissioner said they had been after 10 years with scarcely any improvement) two good suggestions were made, one was to appoint an inspector to visit the patrons homes and see that the cream was kept under proper conditions, another was to test all cream by the thermometer and the cream collector to accept no cream that was above a certain temperature, finally after many alterations and amendments the clause was accepted to read that the Association agreed to collect cream as often as the Dept. of Agriculture should require; on the understanding that the Dept. had clearly shown by all the delegates from the creameries that a too frequent collection would mean a reduction in the quantity that could be gathered and a largely increased cost for collection, not likely to be balanced by any increase in price obtained for the butter.

The suspension of the night train service obliged some delegates to leave before the afternoon session.

Willowdale.

A meeting of all interested in the forming of a branch of the Alberta Farmers' association will be held in Willowdale School house on Saturday evening, February 2nd, 1907. W. F. Stephens a member of the Central Executive will address the meeting. D. J. U. McLENNAN Sec. pro tem.

PROVINCIAL SEED FAIR.

Owing to the valuable work which the various Seed Fairs throughout the Province are doing in the interests of good and clean seed, the Department has decided to establish a Provincial Seed Fair, which will be held at various points throughout the Province from year to year. The first fair will be held at Edmonton, in all probability the 14th, 15th & 16th of February, although the date has not been absolutely decided upon. The prize list is being arranged, and will be published in a few days. It is expected that there will be a sweepstakes prize for the leading classes of grain shown at the various seed fairs. Besides this, there will be classes open to competition from all parts of the Province. All exhibits of course will be expected to represent a given amount of grain actually in the hands of the exhibitor for sale. The seed branch of the Dominion Department of Agriculture will co-operate with the Department in making this Provincial Seed Fair as successful as possible. Applications for prize list should be made to the Department of Agriculture at Edmonton.

Hockey.

On Wednesday night last the Red Deer hockey team played the Olds team at the rink. It was a fast game from start to finish and was well attended. The Red Deer boys played a game, but were overmatched in weight and swiftness. The score at the end being 5-0 in favor of Olds, which undoubtedly gives them first place in the southern part of the Central Alberta Hockey League.

R. E. Berry acted as referee to everybody's satisfaction. The Teams lined up as follows:
Red Deer: Richards Goal, Smith Handford Point, Cuppen Mann Cover, Davey Kanauss Rover, Edwards Tait Centre, Wilson Cornett Left, Soott

THE ROSS COMPANY

wishes to announce to the people of Red Deer and vicinity that they have opened out in

THE STAR MUSIC STORE, Gaetz Ave., with a new and up-to-date stock of all kinds of Music.

Here's Song Folios, Piano Studies, Popular Songs, Pianos, Organs, etc., at out prices.

Here also is a stock that contains anything and everything you may want in the way of Musical Instruments,

Accessories

and Supplies Come to us, first and always, and we will try and use you right Red Deer can well afford to support an exclusive Music store, and The Star will supply a long list in that line.

T. H. Ross, our manager, has had over 20 years' experience along that line, and, buying from us, you have his experience in helping you to select your instrument.

Respectfully yours,

THE ROSS COMPANY Star Music Store.

NO MORE CREDIT.

By a cash system we can sell to you cheaper. It will save you 20c. and 25c. on the dollar. From the 1st of February, we will sell for cash:

STEAK, shoulder, 8c. lb. ROAST 8c. lb.
" round 10c. " RIB ROAST 10c. "
" sirloin 12½ " boiling & stewing 8c. "
" PORK, 10c. & 12½c. "
Fish, Oysters, Bacon, Lard, Onions, &c.

You will readily see, by comparing these prices with the old, that you will be effecting a saving of, from 20c. to 25c. on the dollar. That is to say, you have not only NO butcher's bill to meet at the end of the month, but you are several dollars to the good.

ALWAYS MEAT OF THE PRIMEST QUALITY.

We will deliver as usual.

As Winter is drawing to a close

Now is the time to commence considering your requirements for spring goods. We have a full line of Hoser and Kentucky Drills in shoe, single and double discs, which are, without doubt, the best drill on the market. We also have the De Laval Cream Separator which, as a separator, stands in a class by itself. We sell them on easy terms of payment. We also carry in stock a complete line of Farm Implements. Prices right and quality guaranteed. Call and inspect our stock before buying elsewhere.

SPRINGBETT & BOWHEY.

FARM SCALES.

Every farmer should have a pair of Chatham Farm Scales, for, by using them, you will make or save the price in one year.

The Chatham scale will weigh anything up to 2,000 lbs and you get a government certificate with every set. Now we have a large stock of these scales on hand, and more on order, and for the next thirty days we are reducing the prices and extending the terms.

The old price was \$34.00 cash
The new price is 30.00 cash
or if you want time we will give it you on application. Remember we supply, for \$1.50 extra, plans and irons for a stock rack to fit this scale, so that you can weigh your live pigs, horses or cattle.

INCUBATORS and BROODERS.

We are prepared to prove that the raising of poultry and the sale of eggs is the most profitable part of the production of a farm. We know, and you know, that the raising of chickens by setting hens is uncertain, vexatious and wasteful, and while we are offering you better means of conducting the business, we are doing it on such terms that there is no risk or experiment on your part. Come in and see us, and get our prices and terms.

Wishing all our patrons and friends A Merry Christmas,

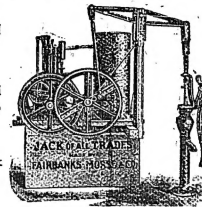

WILSON & McCUTCHEON.

K. M. BYERS,
MANAGER RED DEER YARD

Local and General

O. H. Barber was in Calgary last week.

Two new residences are going up on Victoria Avenue.

Miss Durling, formerly teacher at Penhold, has been appointed teacher at Morningstar.

Mr. J. E. Campbell has received the appointment as teacher of the Antler Hill school.

A. P. Foad, Gazette Avenue, has disposed of his blacksmith shop and residence to Rev. J. P. Rice.

C. B. Crawford, manager of the Northern Bank, was in Calgary on business Friday last.

The Central Stock Growers' Association will meet in Red Deer the last week in February.

There was a partial eclipse of the moon this Tuesday morning.

The many friends of Bert McLeod will be glad to hear of his being able to be out, although he is still very weak.

Rev. J. P. Rice has sold out his interest in the real estate firm of McEwen, Carleton & Co., to the remaining members of the firm.

Red Deer Lodge, A.F. and A.M. propose holding a dance in the Opera House on Monday evening Feb. 11th.

The Red Deer Liberal Association held their annual meeting in Alexandria Hall this Tuesday evening for re-organization and general business.

Mr. John T. Moore, M.P.P. arrived from the East on Wednesday last and left Thursday for Edmonton to be present at the opening of Alberta's Legislature.

E. D. Gates who has been supplying on the Imperial Bank staff in the absence of Mr. Wright, in the east, has left for Nelson, B.C.

John J. Gaetz is discharging the duties of deputy sheriff of the sub-judicial district of Red Deer under direction of sheriff Dickson of Wetaskiwin.

A meeting to form a branch of the Alberta Farmers' Association will be held at the Willowsdale schoolhouse on Saturday evening next, Feb. 2nd at 7.30 o'clock.

A bunch of keys was lost on Sunday last by W. Springbett on the street. The finder will confer a favor by returning to the owner, or to the News office.

Thos. Gummow has purchased C. J. B. Ward's half section of land at Willowsdale, for the sum of \$4500. Mr. Ward has purchased the Nelson place east of town.

Herman Bel, while working in Calgary's saw mill, thirty miles south-west, had the misfortune to lose his hand by coming in contact with the planer, which he was working at the time.

The convention of School trustees held at Edmonton last week was a big success. Messrs. O. W. Smith and R. W. Grieve were delegates from Red Deer. Mr. Smith was elected vice President of the association.

The Calgary Bonspiel

The great curling event of the year, the annual bonspiel of the Alberta Branch of the Royal Canadian Curling Club, was held in Calgary last week and was attended by 41 rinks from all parts of the province.

Red Deer club sent down three rinks. Welliver's rink made a splendid showing, scoring five straight wins against some of the best clubs present. Then they sustained five defeats and were out of the contest. Harkness' rink was out of the contest early although they had some very close contests up to the very last end, but lost on the last rock. A.T. Stephenson also had several close contests but lost in all except the consolation where he made a stand, only to go down and out in the end, one game from the prize end.

The rinks all speak in the highest terms of the treatment they received and they had a most enjoyable time while in Calgary.

The Calgary curlers are all right. Nothing was left undone at the bonspiel that could be done for the comfort of visiting curlers. They are a bunch of thoroughly royal sports and we take off our hats to them.

SOME VIEWS ON THE TEMPERANCE QUESTION

R. B. Bennett, B.A., of Calgary who was to have delivered an address on the above subject in the Methodist Church Monday evening, a last minute change of plans prevented, will speak in the Opera House Wednesday evening 30th inst on the same subject. There should be a large attendance to hear Mr. Bennett as he is one of the most fluent and forceful speakers we have in the province.

Boy Wanted.

To learn watch making trade, apply to H. H. Humber, C.P.R. watch inspector, Red Deer.

Stock Judging Schools

The two day Stock Judging Schools held throughout the Province during previous years having aroused a desire for fuller information, the Department of Agriculture, assisted by local organizations, has decided to hold more extended schools for the study of live stock, as follows: Lacombe, Feb. 5 to 15; Edmonton, Feb. 18 to March 2.

Live animals will be brought in to the class room for demonstration purposes and a corps of competent instructors will be in attendance at each meeting to give full instructions as to desirable and undesirable conformation of the various animals.

Evening meetings will be held at which lectures on breeding, feeding and caring for live stock will be given.

Special instructions will be given in preparing animals for exhibition and handling them in the show ring.

PROGRAMME.

FIRST WEEK

Tuesday—Pure bred beef cattle. Wednesday—Grade beef cattle. Thursday—Grade beef cattle. Friday—Sheep and Swine.

SECOND WEEK

Monday—Dairy cattle. Tuesday—Light Horses. Wednesday—Light and heavy Horses. Thursday—Heavy Horses. Friday—Judging Contest.

Two carloads of stock picked from the best in the Province will be used at the schools for demonstration purposes. Besides this, the best animals locally will be secured.

An admission fee of one Dollar will be charged each regular student. This money will form a fund out of which prizes will be awarded those doing the best work at the judging contest at the close of each school.

W.O.W. Banquet

What was probably the most successful reunion ever held in Red Deer by a fraternal society took place on the evening of Thursday, Jan. 24th in the Odd Fellows Hall, when Red Deer Camp 244 Canadian Order Woodmen of the World entertained a party of about 250 Woodmen and friends to supper. Sov. W. M. and Mrs. Jarvis received the guests on behalf of the Manager and the hall presented a most animated appearance.

The ladies who so kindly assisted the managers, had tastefully arranged the three long tables and a large streamer presented to the Camp by Sov. H. G. Stone, bade the guests hearty welcome. Past Consul Commander J. L. Crawford took the chair at 8.30 p.m. supported by Head Manager Sov. J. A. Ramplin and Mrs. Jarvis. The other ladies being presided over by Consul Commander J. L. Crawford. The program was a most successful one, the young ladies having said grace, the supper was heartily enjoyed, a large photograph lent by Sov. Griffith providing agreeable music during the meal. The younger members of the Camp acted as waiters with the best results.

The programme was then proceeded with P.C.C. Crawford presiding supported by H.M. Ramplin and C. G. Clark and A. L. Ivey.

In his opening remarks Sov. Crawford in the name of the Camp expressed the great pleasure the Sovereigns felt in the presence of such a goodly company and stated that this was the first time the Camp had had the pleasure of inviting its friends to meet it at the festive board, it would be by no means the last. He stated that he had been a member of the Order for ten years past and his enthusiasm for Woodcraft had suffered no diminution in that time. After fully explaining the objects of the W.O.W. from a business point of view, the chairman called upon Sov. Ramplin to address the audience. Sov. Ramplin who is exceedingly popular among the members had an enthusiastic reception and was in his best form, he expressed his astonishment that this apparently moribund camp, had within three months increased its membership from the faithful fifteen, to no less than eighty members. He predicted another large increase as a result of that evening's function. He then entered into details of the Order's financial position, particularly in relation to reports which had been circulated as a result of the investigations of the Insurance Commission. He showed that while the death rate of the order was lower than ever before, the reserve was growing at a rapid rate and the cost of management as low or lower than that of any other fraternal society of equal size. He drew particular attention to the Order's care for the widows of its deceased members, reigning by the erection of a handsome monument, and alternating between anecdote and sober reasoning held the attention of the audience to the end of his interesting address, concluding with the recitation of a poem which fairly brought down the house. C. G. Sov. Clarke then briefly addressed the gathering, laying stress on the fraternal and social nature of the order, and stating that the Sovs. of Camp 244 were determined to make the Camp a great power for good in Red Deer. He also read a statement comparing the cost of management of 25 well known fraternal societies with 23 first class fraternal companies showing a difference of about \$11.00 per \$1000 of insurance, explaining how a fraternal society was enabled to carry on business at such a low assessment. He pointed out that in England, the home of fraternal societies which he named had been in existence for 500 years, were still flourishing and had always met their obligations, why therefore should Woodmen have any doubt about the stability of their own order.

Supreme Court.

The winter session of the Supreme Court opened here today with Judge Stuart presiding. The train being late the court adjourned to 10 o'clock Wednesday morning we understand there is a heavy docket and that it will probably take two weeks to get through the business.

The Red Deer Butter and Cheese Mfg. Assoc. Limited

Statement of Income and Expenditures for the year ending Dec. 31st, 1906.

W. P. HELLIWELL, MANAGER.

TWO MONTHS MORE

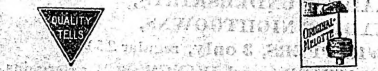

and you will have to decide what make of a Drill you are going to buy; let us help you choose. When we say we have a drill that cannot be equalled, we mean it.

If you will allow us, we will prove to you that our statement is well founded. Remember, if one line will not suit you, we still have two other makes to choose from, we handle the Famous Cookshut Drill also the McCormick and Deering. We have them all sizes either two, three or four horses, as follows: 14, 15, 16, 17, 19 and 22, either shoe, single or double disc.

You cannot afford to place your order before seeing our complete line. Our terms and prices are as low as the lowest, no discounting or placing notes in the Bank; you have the privilege of settling with the same man who sells you the goods, so if there is any irregularity you can adjust it at settlement time. Then again, there is the great consideration of "repairs" no delay, no express and telephone charges, repairs add strictly at list price, which price list accompanies each drill.

The same applies to all our other lines such as disc harrows, roll-ers, plows, in fact, all feeding and tillage machinery. These three well known makes, viz. Cookshut, Deering and McCormick are so well known to you that it is unnecessary for us to call your attention to the several points of advantage they have over other makes. Suffice to say that if they were not the leaders in their line we would not be selling them. Samples now on our show room. It will pay you to inspect them. Satisfaction guaranteed.
